Do you have any suggestions about what we can do to improve the student experience?

Answers from the respondents:

1. I suggest more feedback-time between stunden and trainer
2. I think you should add at least 2 or 3 lessons. Some parts of the curriculum needs more time to grasp.
3. I think you should check the students previous knowledge. Some students consumed a lot of time while others got very little time with the teacher.
4. More time for individual feedback.
5. My trainer never spoke with me :)
6. The breaks were to few and to short
7. You promised you should hand out all powerpoint slides, still waiting for them! Are they coming?
8. Your trainers are very well educated, i like to attend your courses
